NOTES AND ORDERS.

NOTES—First Sheet.

G.R.S. III—3]

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Submitted to the Chief Secretary.

The undersigned three stenographers of the General and Revenue Secretariat be to submit the following for your kind consideration.-

2 ~~We~~ were posted to report the Legislative Council meeting proceedings held on the 18th December last and have done the work to the entire satisfaction of all. Since we had to finish the work at as early a date as possible, we had to come in the mornings and sit late in the evening and thus practically doing the whole work out of office hours. As we are working in the personal establishment of the officers of the Secretariat we had to do this work in addition with considerabl difficulty and exertion.

3 It will be kindly seen from the transcriptions submitted by us that no room was given for any complaint from any member and that they were done to the entire satisfaction of all.

4 We therefore submit the above for your kind and sympathetic consideration and sanction us the same remuneration

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

Chief Secretary

BM
15/9/23

General and Revenue Secretariat. | File No. of 1923.

Serial No.

These papers relate to the arrangements for reporting the proceedings of the Representative Assembly, Legislative Council, etc.

In the year 1918, an elaborate scheme for reporting the proceedings of the Legislative Council, Representative Assembly and other official meetings was prepared at the request of Sir M. Visvesvaraya by Mr. Hayavadana Rao. The scheme was stated to be based on the Parliamentary system. The idea was to give a contract for a term of years say, 10 years, to one person. The cost of the scheme was about Rs.6,000 with a grant of Rs.2,000 for initial expenses. The scheme was considered in Council, but was eventually advised to be dropped on account of its high cost.

Till the year 1921-22 there used to be a separate budget provision for reporting arrangements. Qualified officials chiefly of the Secretariat used to be deputed for reporting work and they used to be given special remuneration. Subsequently when these same officials were put in the stenotypists grade of Rs. 55-5-100 it was ordered that they should do all the reporting without claiming further remuneration. This is the arrangement now in force; but it has not worked satisfactorily the main reason being that the men were deprived of the incentive of special extra remuneration and they have tried to avoid being put on this duty. Most of the men are on the personal establishments of the Dewan and Members of Council and it often happens that their services cannot be spared. Other contributory causes for their working turning out to be unsatisfactory have been that there was slackness

NOTE—Contn. sheet.

Serial No.

in getting from them transcripts without delay. Although in every instance, at least two people are put on the reporting work, the notes of only one reporter will be sent and that too after a delay of several days with the result that the Secretariat officer in charge would not be able to revise the drafts properly. Most of the men in the stenotypists grade are also not as efficient as really necessary for such important work. The general education qualification of many of them is poor. They are not in some cases able to follow the subjects of the debate. The difficulty is intensified in the case of R.A. reporting where the speeches are mostly in Kanarese and assume a great deal of previous knowledge. Members of the R.A. have more than once complained of their speeches not being reported in full and of the reports being sometimes inaccurate. In view of the coming Reforms, it necessary that the reporting arrangements should be put on a better footing.

This is a matter which has been discussed several times among the Secretaries to Government, and when the question was finally considered at the last meeting of Secretaries held on the 8th instant, it was resolved that the services of a graduate possessing superior qualifications in stenography should be obtained on a salary of Rs.200-10-250 on a five years' agreement basis terminable on either side on six months' notice. He should be held fully responsible for accurately reporting the proceedings of the R.A., Legislative Council and all other Governmen

Serial No.

functions. The stenographers in the Secretariat would be deputed to work under him whenever necessary. Apart of the cost of the appointment of a Chief stenographer could be met by the reduction of the number of the present stenographers in the Secretariat from 11 to 10.

If this proposal is approved, efforts will be made by advertisement or otherwise to secure a competent graduate reporter ~~and~~ if possible, one possessing a knowledge of Kanarese, in time to report the proceedings of the ensuing Session of the R.A.

Dewan

7/9/17

Since writing the above note I have received a memo. on the subject from Mr Srinivasa Iyengar the Dewan's Opn. which probably the best stenographist in Bangalore, which I have placed below.

In the event of the ~~Govt~~ approving of Mr Srinivasa Rao for appointment Rs 200 – 10 – 300. In the above note the pay proposed is Rs 200 – 10 – 250, as the arrangement is to be in a contract basis for 5 years. The main improvement which Mr Srinivasa Rao

73. Subject. - Clause x of the Schedule.

Arrangements for reporting the proceedings of the Representative Assembly and the Legislative Council.

OPINION OF THE COUNCIL.

As the present reporting arrangements are not quite satisfactory and as it is very important that full and correct reports of the proceedings of the reconstituted Representative Assembly and Legislative Council should be promptly issued, the Council is of opinion that a separate reporting staff consisting of a Superintendent on Rs.200-10-250 and two stenographers on Rs.75-5-100 should be appointed. The Superintendent should also be a Graduate and the selection of both the Superintendent and the stenographers should be made by advertisement, and after subjecting the candidates to a strict speed test. The Superintendent may be appointed on a 5 years' contract with an option to terminate the contract by 3 months' notice on either side.

"EXTRACT"

The extra cost will be debited to the Grant to be sanctioned for introducing the Constitutional Developments.

General and Revenue Secretariat. File No. of 191

Arrangements for reporting proceedings of the L C, R A etc.

Extract from the Proceedings of the Council is put up.

Forwarded, with compliments, to the Financial Secretary to Government, under paragraph 9 * of the Government Order No. G. 17572-8—G. M. 676-17-1, dated 22nd June 1918.

By Order,

Chief Secretary to Government.

*9. (a) If the views expressed by the Financial Secretary in any case, whether original or un-officially referred, are not accepted by the Member of Government in charge, or by the Dewan and Members of Council, as the case may be, the file containing the discussions shall be sent to the Financial Secretary a second time, in order to enable him, in cases in which he considers that the orders proposed to be issued are opposed to financial rules of Government or to recognised financial principles or for other reasons of a financial nature, are open to objection, to record a respectful representation to that effect, which will be placed by the Dewan before His Highness the Maharaja for consideration.

(b) All cases sent to the Financial Secretary under this rule should be treated as immediate and returned to the Department concerned within three days of receipt.

I do not think there would be work for the three men all round the year. When not employed on reporting work the services of these men would be available for normal shorthand work and I would therefore suggest that as a set off for the additional expenditure the no of stenotypists of the Secretariat may be reduced by two.

5/10/23

Submitted to His Highness.

These papers relate to the improvement of the arrangements for reporting the proceedings of the Legislative Council, Representative Assembly and other official functions. The work is now expected to be done by the steno-typists attached to the Dewan, -- Members of Council and the Secretaries to Government. The existing arrangements are not satisfactory as explained in the Chief - Secretary's note of the 17th September 1923 on the file. The unsatisfactory character of the present arrangements has also been -- repeatedly forced on my attention. The present steno-typists in -- the Secretariat are, for the most part, men of average qualifications both technical and educational, and while they may be good -- enough to take down matter dictated to them in the office, they are lacking in the training required for reporting official proceedings, the reports submitted by them are often inaccurate and incomplete. The Committee of Secretaries, who considered the subject, have proposed the appointment of a graduate possessing superior qualifications in stenography as Superintendent of reporting on a salary of Rs. 200-10-250.

Page 159 of Office Note

Page 5 of -do-

The question was considered in Council on the 3rd instant when the following resolution was recorded:-

Page 11 of -do-

"As the present reporting arrangements are not quite satisfactory and as it is very important that full and correct reports of the proceedings of the reconstituted Representative Assembly and Legislative Council should be promptly issued, the Council is of opinion that a separate reporting staff consisting of a Superintendent on Rs. 200-10-250 and two stenographers on Rs. 75-5-100 should be appointed. The Superintendent should also be a graduate and the selection of both the Superintendent and the Stenographers -- should be made by advertisement, and after subjecting the candidates to a strict speed test. The Superintendent may be appointed on a five years' contract with an option to terminate the con-

contract by 3 months' notice on either side.

The extra cost will be debited to the grant to be sanctioned for introducing the Constitutional Developments."

Page 12 of office Notes

The Financial Secretary has remarked that there would not be work for three men all round the year and that when not employed on reporting work, the services of these men may be made available for normal shorthand work and has suggested that in order to avoid additional expenditure, the number of stenotypists of the Secretariat may be reduced by two.

There will be ample work for the extra staff during a great part of the year. They will have to report the proceedings of the Sessions of the Representative Assembly (at least two and probably three), and the Legislative Council (at least four in the year) as well as other official functions which will be occurring throughout the year. The present number of steno-typists in the Secretariat is 11, viz., 4 for the Dewan's Office, 3 for the Members of Council, 3 for the three Secretaries, and one reserve. The question of reducing their number at least by one, and if possible, by two as proposed by the Financial Secretary will be separately examined and steps taken to see that no unnecessary establishment is kept on.

The proposed Superintendent of Reporting will have to be a -- graduate and, if possible, one possessing a knowledge of Kanada. The post will have to be advertised in the Madras Presidency as it is doubtful whether any qualified men will be available in the State. For this reason, it is proposed to make the appointment a temporary one on a five years' contract. It may be possible to secure a man of the right type before the inaugural meeting of the reconstituted Representative Assembly. The two other men with superior shorthand qualifications are required immediately for reporting the work of the ensuing Session of the Representative Assembly and the Chief Secretary has been instructed to advertise the posts so that they be filled up, if possible, before the Assembly commences.

In these circumstances, the proposal of the Council may be graciously approved.

PRIVATE SECRETARY MYSORE

THE PALACE,
MYSORE.

13th October 1923.

My dear Sir,

With reference to file No. 449, dated the 11th October 1923, returned herewith, I am directed to say that His Highness would prefer a local man being appointed as Superintendent of the Reporting Staff. Once an outsider is appointed, and obtains a footing in the State Service, experience has shown that it is next to impossible to dislodge him.

13 OCT 192

Yours sincerely,
Mirza M. Ismail

NOTE—Contr. sheet.

Confidential.

Note about Reporting.

Submitted to the Chief Secretary to Government.

I beg to submit, for consideration, the following note on the question of reporting arrangements for the Legislative Council and the Representative Assembly meetings.

It is fairly admitted, now, that the existing arrangements of deputing the Stenographers of the General & Revenue Secretariat for reporting work are not satisfactory as the reports furnished by them are frequently very inaccurate. Many causes have contributed to this unhappy result. In the first place, when the grade of Senior Stenotypists was constituted, appointments to that grade were not made on considerations of practical ability to report and general educational qualifications. The men so appointed were not, as a rule, employed on shorthand work, and when any occasion arose for reporting, they were called upon to do the work at a moment's notice. Above all, there is not sufficient incentive to shorthand, as the pay offered for good work is quite inadequate. In British India, each reporter is paid Rs.200 to Rs.450 for reporting only the Legislative Council proceedings, and the reporters to the Imperial Legislative Council get Rs.400 to Rs.800. It is also learnt that every Government reporter in the House of Commons gets Rs.400 to Rs.475 for perhaps two hours' work in the aggregate. The reporting work everywhere is done by batches of two, and each batch does not take down for more than half-an-hour at a time. The result is that before the same batch is called upon to sit again, ~~it will have~~ the previous notes will have been typed ~~the previous proceedings~~, so that in less than a couple of hours after

after the close of the sitting, a complete report of the day's work will be ready for editing by the Superintendent or Special Officer in charge, and a final copy of the proceedings will be placed in the hands of the Secretariat officer of the Legislative Department before midday following. No reporter, whose speed is below a rate fixed by Government, is appointed; and this is generally 160 words in the Imperial Legislative Council and 140 in the Provincial Councils. These reporters are not given any special work during the off-season but are understood to be drafted to the establishment of the Members of the Executive Council or Secretaries to Government, as additional hands for shorthand work. Under such an arrangement, while the reporters will be fully worked by having to relieve congestion of typing work in the Secretariat, they will be readily available for reporting whenever called.

Some such arrangement may also be adopted in Mysore. There is no doubt that there is a great paucity of capable reporters, as there is no scope for taking up Reporting as a lucrative profession in Mysore. Shorthand writers such as they are, have to depend mainly on Government service, which has not so far induced them to keep themselves fully equipped, for reasons already stated. The test of a shorthand writer here has been the possession of a Diploma at the Mysore Commercial Examinations, and Government have contented themselves in the past with it without reference to the candidate's actual performance in every-day practice. This is the main reason why the creation of a special higher grade of Steno-typists has not satisfied the necessities of the hour.

To obviate all difficulties for the future, the following proposals are submitted for favour of consideration:-

(1) A separate reporting section may be constituted in the Secretariat with a Superintendent and at least 6 reporters. The pay of the Superintendent may be fixed at Rs.200-10-300, and the reporters may be in the following grades:-

I Grade	.. 1 ..	70-5-150	(speed of 150)
II "	2	60-5-125	" 140
III "	3	50-5-100	" 120

Probationers: 2. (These may be selected from among the most capable men among steno-typists).

Candidates to be selected from the results of competitive examinations in Shorthand (at rates as above indicated), Typewriting (at 45 words per minute), and precis writing. A good knowledge of Kannada should be made compulsory. [It is impossible for one man - be he Superintendent on high pay or a smaller man - to take up the whole work by himself.]

Side by side with this section, there should also be one grade of steno-typists whose pay may be Rs.45-3-90. These steno-typists should also be recruited by open competition among the present steno-typists ~~xx~~ in a speed contest for 100 words per minute. This grade may consist of 10 steno-typists, and the members thereof should be eligible to enter the higher grades of Reporters on the occurrence of vacancies and on the recommendation of the Superintendent in charge, after a practical examination of the candidates ~~=~~ ability for taking notes at the higher speed required. These steno-typists may be distributed as follows:-

Dewan

Dewan	2,
Members of Council (two)	2,
Chief Secretary	1,
General Secretary	1,
Revenue Secretary	1,
Financial Secretary	1,
~~Probationers~~ Extra	2.

The Reporters, during the period they are not on reporting work, may be deputed to relieve congestion of shorthand and typing work in the Dewan's Office and the Secretariat, under the orders of the Chief Secretary from time to time.

(2) Another alternative about the distribution of hands is to create a Typing Section, which was abolished some years ago. There are now 13 typists (please see Gradation List) attached to Branches, and all the Reporters ~~and Probationers~~ including may also be included in this section, without distributing them as proposed above. The typing work, in that case, being under the eye of the Superintendent, will improve and needless delays will be avoided.

(3) A third alternative will be to abolish the ost of tenure Superintendent of the Dewan's Office and attach the new Superintendent thereto, with a staff of 2 or 3 reporters, the other reporters being left at the disposal of the Chief Secretary.

The financial effect of the proposals will be roughly as follows:-

Average
~~Net~~ Increase.

Superintendent &c.	250,	
	110,	
	184,	
	225, i.e.,	
Rs.770 per mensem or per annum.		Rs.9,240

Savings.

Proposed cost on Stenotypists ..	600,	
Existing cost Rs.450 per mensem or per annum.	1,050, i.e., ..	5,400
If under the third alternative, the place of tenure Superintendent is abolished, further savings will be effected to the extent of		2,880
per annum, bringing the total savings to ..	..	8,280.

The net extra cost per year on the proposals will be about a thousand per year, which will be nothing compared to the advantages gained.

With a view to improve the arrangements for reporting the proceedings of the Representative Assembly, the Legislative Council and other official functions, the Mysore Government propose to create a - "Reporting Section" in the Secretariat. Applications are invited for the post of Superintendent of this section, the pay of which will be Rs.200-10-250. The appointment will be on a five-years' contract - terminable on 3 months' notice on either side.

Order No. 1643-52/C.B 114-23-1
Dt 13/11/23

The question of improving the arrangements for reporting the proceedings of the - Legislative Council, Representative Assembly and other official functions has been engaging the attention of Government for some time past. At present the reporting is entrusted to one or two of the steno-typists ordinarily working under the Dewan, Members of Council and the Secretaries to Government, who are withdrawn for the purpose on each occasion, and who have to do this additional work without extra remuneration. Their work is not subjected to proper technical supervision and they are lacking in the special training required for reporting the proceedings of public meetings like those of the Representative Assembly and the Legislative Council. The present reporting arrangements have not been quite satisfactory. In view of the constitutional developments now inaugurated, it is very important that full and correct reports of the proceedings of the reconstituted Representative Assembly and the Legislative Council should be promptly issued. Government are therefore - pleased to direct that a Reporting Section be formed in the Secretariat with a staff consisting of a Superintendent on Rs.200-10-250 and two stenographers on Rs.75-5-100. The appointments will be on probation for six months.

Selections for the posts of Superintende

and stenographers will be made from among the best available Mysorean candidates possessing a knowledge of Kannada after subjecting them to a speed test. The Superintendent should be a graduate.

The extra cost will be debited to the grant to be sanctioned for introducing the scheme of constitutional developments in the current year.

Reporting Section.

Directs that a —— be formed in the General and Revenue Secretariat.

ORDER No. 1643-52—C. B. 114-23-1, DATED 13TH NOVEMBER 1923.

The question of improving the arrangements for reporting the proceedings of the Legislative Council, Representative Assembly and other official functions has been engaging the attention of Government for some time past. The present reporting arrangements under which stenographers of the permanent establishments are drafted as occasion required for the work have not been quite satisfactory.

In view of the constitutional developments now inaugurated, it is very important that full and correct reports of the proceedings of the reconstituted Representative Assembly and the Legislative Council should be promptly issued. Government are therefore pleased to direct that a Reporting Section be formed in the Secretariat with a staff consisting of a Superintendent on Rs. 200—10—250 and two Stenographers on Rs. 75—5—100. The appointments will be on probation for six months.

Selections for the posts of Superintendent and Stenographers will be made from among the best available Mysorean candidates possessing a knowledge of Kannada after subjecting them to a speed test. The Superintendent should be a Graduate.

The extra cost will be debited to the grant to be sanctioned for introducing the scheme of constitutional developments in the current year.
